Custody & Caring

14th Biennial International Conference
On The Nurse’s Role In The Criminal Justice System

October 7-9, 2015 | Saskatoon, SK | Delta Bessborough Hotel

Presented by:
The College of Nursing, University of Saskatchewan

In Collaboration with:
The Regional Psychiatric Centre/Regional Headquarters (Prairies), Correctional Service Canada
Nurses and other health care professionals practicing at the interface of the health and criminal justice systems are faced with daily challenges unique to their roles, the clientele they work with, and the environments in which they practice.

The overall goal of the conference is to provide a forum for highlighting innovations in practice, education, research, and policy development in the field of correctional and forensic health care in Canada and throughout the world.

Conference participants will be able to:

- discuss issues unique to the provision of nursing and health care in forensic institutional and community based settings
- report innovative case studies in program and policy development relevant to forensic and correctional health care practice, education, research and administration
- consider ethical issues unique to institutional and community based correctional and forensic mental health care
- explore interventions that emphasize community re-integration of forensic clients
- promote correctional health care and forensic mental health as specialized areas of practice
- examine vulnerability and diversity as concepts of particular relevance to researchers and practitioners in correctional and forensic environments
- describe innovative methodologies and approaches to correctional and forensic research
- explore opportunities to address work life issues unique to health care professionals within correctional environments.
MESSAGE FROM THE CHAIR

On behalf of the Conference Planning Committee, I am delighted to welcome you to the 14th Biennial Custody and Caring: International Conference on the Nurse’s Role in the Criminal Justice System.

We have endeavored to provide a program that captures the diversity of this specialized area, by featuring innovations in practice, education, research, administration, and policy development in the fields of correctional health and forensic mental health care in Canada and abroad. We hope that you will be inspired by what you learn, challenged to think about what you do and what you believe in, and leave with a renewed commitment to your patients, clients, colleagues and communities.

For those of you attending for the first time we say “Welcome!” For those of you who have attended previously we say “Welcome back!” We truly believe one of the strengths of the conference is the participants. Take the opportunity to widen your horizons by networking with like-minded colleagues, by reconnecting with old friends and acquaintances, and by fully engaging in the conference.

Additionally, we hope you will be able to enjoy all that Saskatoon has to offer, as you take in the sights and sounds of the city. The ideas are as endless as the prairie sky. Take a stroll along the South Saskatchewan River, enjoy a meal at one of our many fine restaurants, or simply kick back and relax.

Thank you for taking the time to participate in our 14th Biennial conference. We look forward to seeing you here again in Saskatoon in 2017 when we host the 15th Biennial Custody and Caring: International Conference on the Nurse’s Role in the Criminal Justice System!

CINDY PETERNELJ-TAYLOR  
RN, MSc, DF-IAFN  
Professor, College of Nursing,  
University of Saskatchewan  
Chair, Custody & Caring  
Conference Planning Committee
We are pleased to offer a tour of the new University of Saskatchewan Health Sciences Building on Wednesday, October 7, 2015 at 1645 hours (end of conference day 1). Transportation and a light snack will be provided. The University of Saskatchewan Health Sciences building creates a new standard for interprofessional education, research and practice. This state-of-the-art, integrated facility supports and enables collaboration between students, faculty and researchers in all health science disciplines and will help educate health professionals using a collaborative team-centred approach. You will tour through the Health Sciences Bookstore, Library, the College of Nursing, and the Clinical Learning Resource Centre, one of the most advanced simulation facilities in Canada. Transportation back to the hotel will be provided at 1845.

Please join us at 1645 hours on Thursday October 8, 2015 (end of conference day 2), for a delegate Reception on the Conference Foyer level of the Delta Bessborough Hotel. Appetizers and a cash bar will be available. The University of Saskatchewan Bookstore will also be on site, offering books, University branded clothing and gifts, and Saskatoon souvenirs for purchase. Take advantage of this relaxed networking opportunity to meet new colleagues, reconnect with old friends, and browse through the Bookstore’s products.
Keynote & Workshop Speakers

The Custody & Caring Conference continues to bring together world class speakers from near and far, exposing participants to the latest research, scholarship and best practices in forensic health care and correctional nursing. Once again, conference participants will be provided with multiple opportunities to engage in discourse with keynote speakers, and participate in workshop and concurrent sessions. We are pleased to be able to feature the scholarly endeavors of over 40 speakers at this year’s conference.

Due to the success of the art contest introduced as a pilot project in 2011, we are pleased to once again host this competition, which showcases the artistic contributions submitted by patients and offenders. Conference participants will have a chance to vote for their favorite submissions in 3 categories (painting/drawing, creative writing, and mixed media) and one winner from each category will be announced at the end of the conference. Results will be shared with the art contest participants, and winners will be acknowledged by the Conference Planning Committee.
